Reimagining Practice for Multilingual Learners

This interactive session from Children's Institute, explores multilingual practices that affirm, support, and celebrate multilingual learners—and equips participants to build linguistically and culturally rich classrooms!

During this day of learning, you will:

- **Connect with colleagues** across districts and grade levels.
- **Engage in conversations** that honor your expertise and lived experience.
- **Gain inspiration** from research and stories of practice.
- **Imagine new possibilities** for multilingual learners.
- **Walk away with fresh energy and actionable ideas** for your classroom.

Who should join?

This session is designed for:

- **Educators working with multilingual learners** (dual language and monolingual).
- **Preschool to 3rd grade teachers** (upper grade educators also welcome!).
- **Instructional leaders and staff** committed to culturally responsive practices.

Click here to RSVP.

Register today— space is limited to 40 participants!

Why it matters?

- Culturally affirming education **strengthens belonging and engagement** for multilingual learners.
- Educators are closest to students and their daily practices have the **power to shape children's confidence, and long-term success.**
- Supporting bilingual staff **strengthens outcomes for children and communities.**
