Early Literacy Coaching, Consulting, and Professional Learning

Children's Institute partners with centers, schools, and districts to enhance birth-to-third grade literacy **through hands-on coaching, consulting, and professional learning grounded in research and practice.**

Children's Institute can help...

- **Strengthen early literacy instruction** through a variety of classroom coaching practices
- **Strengthen your birth to age 3 literacy offerings**, including family classes, home visits, and materials
- **Align preschool through third grade literacy** curriculum and instruction

Who should join?

This coaching may be especially useful for:

- **Educators** balancing developmentally appropriate, culturally relevant instruction and the science of literacy
- **Educators** looking to enhance the effectiveness of their curriculum or assessments
- **Schools without a literacy specialist or instructional coach**

Children's Institute is now an approved early literacy vendor for Oregon Department of Education's Customized Coaching & Professional Learning (CCPL) grant.

How does it work?
